
PLAYFUL PUCKS
A 'PLAYFUL' DIVISION OF CFISH DESIGN
"REAL PETS...REAL FUN"

A Note From the Artist:

Thank you for choosing the 'Playful Pucks' card line, currently available *exclusively* to AIM Mail Centers. My "StyliZed Pet ArT" is inspired from personal play dates with customer's pets, or from real life photos. The medium I use is Colored pencil with Ad marker on Colorfix paper. I then personally work with the printer, to insure accurate and vivid color reproduction.

It is so much fun for me to create this art, and I sincerely hope it is a Profitable and Playful addition to your store. At suggested retail of \$3.99 these extra large 5 1/2" x 8 1/2" cards are perfect for your customers to matte and frame. It truly is 'Card *ArT*' for everyone to enjoy!

I will be contacting you in the future to get feedback on the Playful Pucks Card Line. In the meantime, please feel free to call or e-mail me anytime with comments and suggestions!

Good Luck and Happy Selling!
